27 January 2021,

Dear Shareholder & Investor & Potential Investor.

OTC:ILUS ILUS International Inc (Previously Illustrato Pictures International Inc)

This is not a Stock offering or Stock promotion, this document is only presented to provide the public with an update on OTC:ILUS and readers should do their own Due Diligence before buying any stock.

Dear Public

Please note we are waiting for the access codes to various data updating points for OTC, SEC etc., such as OTC IQ, Edgar, Silverflume. Unfortunately, these were not available to us at the point of take over. We are working tirelessly to fully bring the company 100% up to date in all areas after years of neglect.

We just want to make you aware that the lack of formal updates on the various sites, is not through lack of effort or a sign of further neglect, we are waiting for the access to the various systems to become live. The time scale ranges from days to a few weeks on the various platforms and we hope to have this all cleaned up within 4 to 6 weeks. Your patience and support in this matter is greatly appreciated. Please feel free to contact me by email should you require any clarity in the interim.

Yours Sincerely

Nicolas Link CEO
