# WHO WE ARE

The Vehicle Converters are **Masters of Industry** and have been for more than 15 years. Headquartered in Dubai and servicing much of the Middle East and African markets. Fabricating and converting **specialised vehicles** to exceed our clients expectations. We are able to do this with the support of our expert **production managers**, highly qualified **craftsmen** and **engineers**.

# THE TEAM

**Danny Kourosh**  
Owner and CEO

With 20 years of building, converting specialised vehicles, Danny prides himself on communication and quality assurance delivering over 8,000 vehicles to date.

**Eliot Hopley**  
Production Director and Partner

For 25 years Eliot has built his career from steel fabrication through to the finesse of the finer detail. He has been pivotal in the evolution of the reputation TVC has today.

**Gregory Charbein**  
Business Development Manager

Focused on delivering incredible communication through customer service and understand the needs of every client, Greg is a team leader and driving force behind TVC of tomorrow.

**Javed**  
Sales Executive

Javed will manage your day-to-day enquiries, reviewing briefs and proposals to establish a smooth working process ensuring seamless execution of your project.

**Shahbaz**  
Production Coordinator

Working closely with Eliot, Shabaz is our in-house head engineer and manages the coordination of every project between the production and client.

**Shoaib**  
Workshop Manager

Shoaib is the master of supply chain coordination, liaising with local and international suppliers ensuring a smooth and timely delivery.

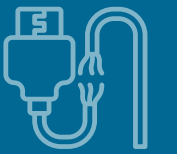

## Production Team

2 Finishing  
Carpenters

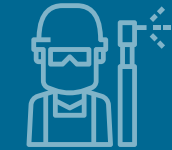

4 Carpenter  
Helpers

4 Electricians

9 Fabricators  
/ Fitters

## Policy

We have a company policy to never make any profit on the vehicle price, we sell the vehicle to you for the same price we pay, our profit is within the vehicle conversion only. This is a huge saving for the client as it is standard practise for most companies to increase the vehicle price by %5 to cover internal admin costs when purchasing vehicles on behalf of a customer.

## Production

Due to our vast range of products our capacity varies depending on the demand. Weekly production meetings, stringent scheduling and planning procedures are in place to insure all of our departments run smoothly so our customers receive their vehicles within the promised delivery period. We have the capacity to run 8 mass production lines at the time.

## Quality Control

We pride ourselves on our reliability procedures. Every vehicle has to pass through stringent tests and checklists. Our procedures are implemented throughout production at various stages of the work. Every aspect of the vehicle is tested thoroughly before the vehicle is released from our workshop. We deliver for full customer satisfaction.

## After Sales Service

An integral part of our company, people's lives and businesses depend on the vehicles operating effectively and TVC are here to help you. We offer a full service/ maintenance package with warranty and emergency roadside assistance is available in some regions. We will give your vehicle a maintenance inspection after every 5000 miles. TVC is your global partner.
